

We've created a pharmacy that employs state-of-the-art wellness techniques. Like caring, for instance.

At Apothecary by Design, you're more than a customer, you're a patient. While we utilize the most advanced technology, coordinating care between your doctor, our pharmacist and you, we also take the time to get to know you as a person. So no matter why you come to us, you can also count on a healthy dose of caring.

Come to our Coffee Fest! Taste specialty coffee, learn how it is sourced and how to make it, with Coffee By Design owners Alan Spear and Mary Allen Lindemann. Free coffee samples. Sat., May 9, 10 a.m.–noon.
